Chancellor's Veiled Threat Will Result In Early Warfare

Only War Talk Is Heard In Official Circles About Washington While Socialists Differ With Hollweg

WILSON'S MESSAGE IS BEING PREPARED

Berlin via Sayville wireless, March 30—"The German nation does not desire war with the United States but if war comes we will meet and overcome it; washing our hands of all responsibility. Chancellor von Bethmann-Hollweg announced in the Reichstag this afternoon in a speech on relations between the United States and Germany.

Amsterdam, March 30—For the first time since the beginning of the war Germany's future has been foretold in a Reichstag speech according to dispatches from Russia. Member Spahn was quoted as declaring from von Bethmann-Hollweg's speech that "he hoped Germany was prepared to fight a new and powerful foe."

Socialist member Nosk bitterly censored Foreign Secretary Zimmerman's Mexican-Japanese plot against the United States and declared the "Prussian system of government must be abolished and that Germany must not be considered a reactionary country."

Spahn asserted that "all entente rulers are on unsafe thrones even Italy with a revolutionary spirit is seething and the King is tottering on his throne." Socialist ians are gaining adequately in Germany. Complete success of the revolution in Russia has made a profound impression upon the German public.

By Robert J. Bender
(United Press Staff Correspondent)

Washington March 30.—Only actual war was talked here generally today. Chancellor von Bethmann-Hollweg's speech in the Reichstag yesterday clenched all hopes for peace.

President Wilson at his cabinet meeting this afternoon will shape the last details which will mean the entry of the United States into the conflict in some fashion which will be decided by congress.

Hollweg, defiant, weak and misleading in his argument, cast aside all doubt of actual hostilities between the United States and Germany, and it is considered by experts to determine President Wilson to put forciby up to congress that the United States must take a full part in the struggle.

The cabinet and President Wilson will shape the details in the resident's "war message" today. The main thought of it—strong defense of American rights—according to authorties has been crystalized long since.

That the President is rapidly planning some form of universal military training is the view of authorities who have closely followed the events in the case. President Wison himself favors some form of universal military training.

The pacifists in congress will be literally swamped by a patriotic wave Monday, according to unoffical canvas today. Congress will stand behind President Wilsen's program to the last ditch.

OOR FOLKS IN COURT TO HAVE BEST ATTORNEYS

New York, March 20—Because unscrupulous lawyers have caused poor people to get unfair treatment in New York courts, a corps of the best lawyers money can buy is being organized under the direction of the Public Defender to see that the poor get a square deal.

John D. Rockefeller, Jr., and other wealthy men are backing the plan financially. The Public Defense bureau will open Monday. Each one will be prepared for trial by experts and a capable member of the staff assigned to defend it in court.

The plan is fathered by members of the New York bar, who say that, crooked practitioners have not only dealt unfairly with their poor clients but have in some instances treated their cases in such manner as to lead them into the life of the confirmed criminal.

CAMILE TONEY DEAD

Camile Toney, a respected resident of Lawrence township, died at his home in Plymptonville at 6 o'clock this morning following an illness of more than five months duration. The deceased was an honest, industrious, upright man, who enjoyed the respect and esteem of a large circle friends. Some five months ago he was taken down with a severe attack of typhoid fever, which affected his heart, and his death was caused by leakage of the heart and dropsy, due to the ravages of typhoid.

He was 29 years of age, leaves a sorrowing widow and two children. He is also survived by his parents, Mr. and Mrs. Michael Toney, of Clearfield street and the following brothers and sisters: Samuel, Nino, Benjamin and Joseph of Clearfield; Philip, of New Orleans, La.; Mrs. John Cello and Miss Lillian of Clearfield.

The funeral will be held Monday morning a high requiem mass being celebrated in St. Francis Catholic church at 9 o'clock. Interment in famil plot in Calvary cemetery.

F. B. Leavy, funeral director.

THE WOOD DRIED ALRIGHT

Mooley sounded for box 26 about 2.45 this afternoon and the firemen made a get away in record time for Fourth and Ogden avenue. When they arrived there they found the fire to have been in the oven of a house in Snyder Terrace near Polks Bottom.

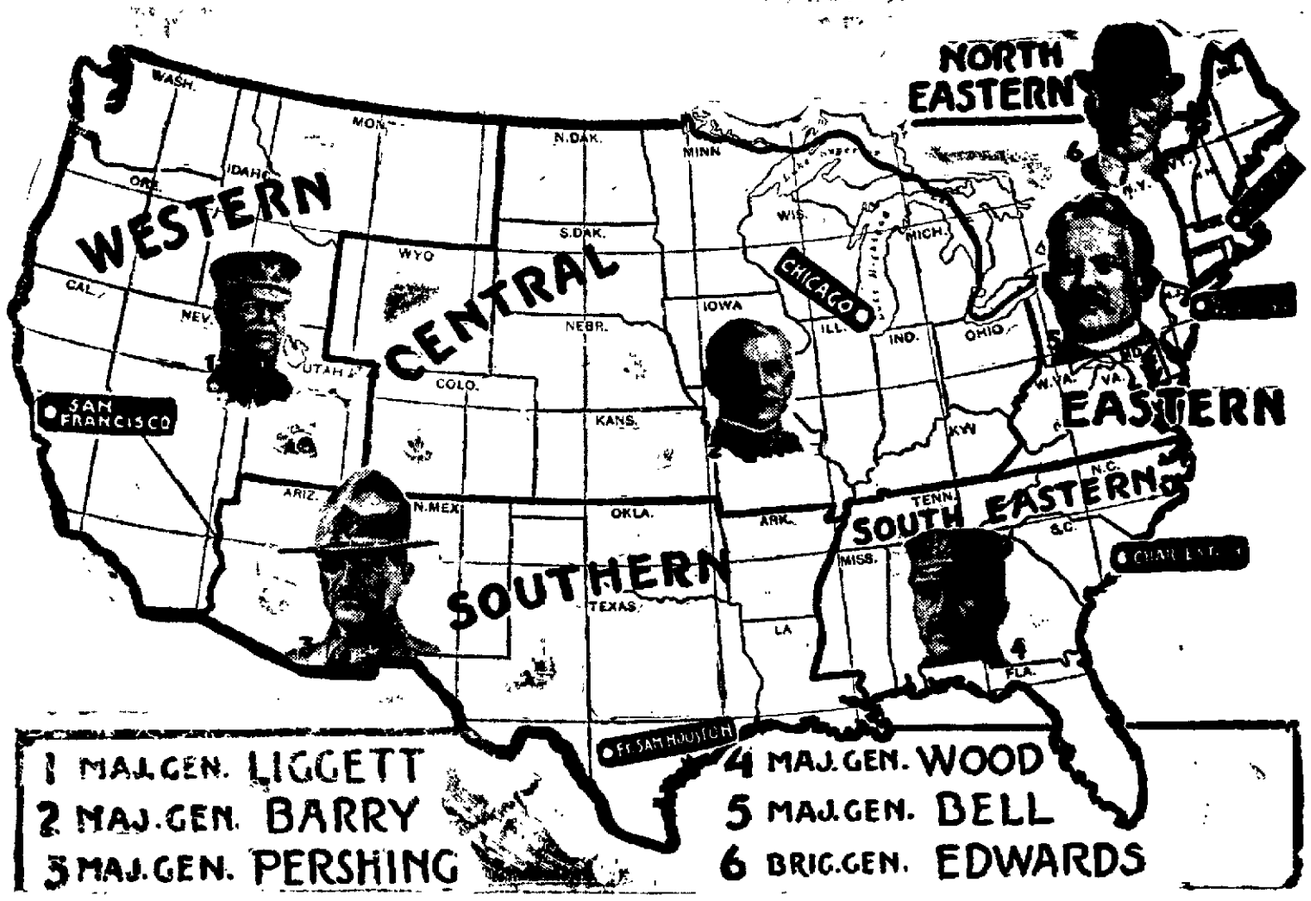

An armfull of wood had been placed in the oven to dry and overdid the drying process. The woman of the house went out and when the smoke commenced issuing from the house the fire alarm was sent in. The fire was put out without any damage.

FULTON TO PHILADELPHIA

(By United Press)

Newcastle, March 3.—The Rev. D. Chalmers Fulton goes from the pastorate he held here to Sherood Mission, Phila., as superintendent tomorrow.

New Department of Commanders Established By The President

By order of the President the country has been divided into six military districts to take the place of four established for many years, and the appointments of generals to command these have interested the nation. The most important change was that of General Leonard Wood, from the Department of the East to the new Department of the Southeast, a change which many of the general's friends declare is due to politics. He is to be replaced in the Department of the East by General J. Franklin Bell. General Clarence R. Edwards goes to the newly created Northeastern Department. General Hunter Liggett will command the Western Department. General Thomas H. Barry will command the Central Department, and General John J. Pershing will remain in charge of the Southern Department.

Bids Farewell To Boys And Girls Of C.H.S

Student Body Regrets Loss of Y. M. C. A. Man to East Liverpool.

The students of the Clearfield High School had the pleasure this morning of listening to Secretary W. I. Lewis of the local Y. M. C. A. Mr. Lewis is always an entertaining and forceful talker and no one could stir a student body as he in his enthusiastic, optimistic manner. The occasion of the visit was a farewell to the young people of Clearfield with whom Mr. Lewis has come in contact during his work here. There is a feeling of genuine regret among the young people of Clearfield at the departure of Mr. Lewis and all are glad to have him come among them and bid them farewell in this manner. Mr Lewis was followed by Mr. Zerfoss, superintendent of schools for Clearfield, who spoke on the High school, its beauty, advantages and opportunities. Incidentally he touched on the care that should be taken of the building and High school property and thanked the students for their part in bringing forth the necessity for the new building and their part in advancing the educational life of Clearfield. At the conclusion Cheer Leader Albert Kennard was called upon and under his guidance the new building resounded with the calls that have so often brought courage to the hearts of the Gridiron warriors and put new life into the student body. The informal exercises terminated with the singing of "America" led by Prof. Van Austin.

CHARLES BRICKEL WILL RECOVER

Charles, the ten year old son of Mr. and Mrs. Peter Brickel, of Arcadia, was brought to the Clearfield hospital several days ago suffering from an acute case of appendicitis. After the operation a gangrenous affection set in and his life was despaired of two days. Latest reports are that he will recover and the many friends of the Brickel family in this vicinity are rejoicing with them.

Philipsburg to Meet C.H.S. Cage Tossers

Fully Expect to Inflict an Overwhelming Defeat on Visitors.

C. H. S. basket tossers will cross swords tonight with the strong Philipsburg five Philipsburg has had an exceptionally good team this year and at the last meeting C. H. S. went down to defeat by one score. C. H. S. is convinced that they will win tonight. The boys have taken on new "pep" and "ginger" since they have the fine new floor to play on and their followers are looking forward to a fast game tonight. The fact that C. H. S. won from the city of Williamsport speaks well for the boys and makes it a sure thing that they will go like wildfire tonight to take the honors from our sister town with the brand new opera house and bank buildings. There are many people in Clearfield who have not yet been inside the new High School building and this will afford them an excellent opportunity of getting acquainted with this wonderful edifice in which they have a part Word from Philipsburg is to the effect that their team is not one bit frightened over the speed of Clearfield as shown in the Williamsport game and it is said that they, as a part of their regular practice have been gazing long and hard into a 250 watt Mazda in an effort to get accustomed to the dazzling light of the new building over here that was blamed by Williamsport for their defeat.

CorporationsCan't Hold Retail Liquor License

Dry Attorney Asserts in Fight on DuBois Hotel Company

The following petition was filed at the court house this morning by John C. Arnold, attorney for the Dry Federation, which will give the Court one more question to ponder over before finally taking action on those of the retail licenses that have been held by corporations instead of individuals. The Dry Federation contends that the court cannot grant the DuBois Hotel Company upon whose application the court has not yet acted.

In re Application of DuBois Hotel Co:

John C. Arnold, Counsel for the Remonstrants objects to the granting of the above license prayed for, for the following additional reasons, which appear on the face of the petition in the above application.

1. The petitioner is a coporation.

2. The court is without jurisdiction to grant a retail license to a corporation.

The Clearfield Hotel company which holds the license for the Dimeling Hotel of Clearfield is a corporation and if the reason given by Mr. Arnold is sustained it will result in the cancellation of the license now held by the Dimeling Hotel.

W. C. T. U. In Regular Monthly Session

Delightful Meeting Held at Home of Mrs. Lawhead Last Night.

A most enjoyable dime social under the auspices of the W. C. T. U. was held at the home of Mrs. M. G. Lawhead last evening.

Exercises were opened by singing America. Prayer was made by the president, Mrs. Bouton, who also read a Liquor Dealer's Opinion of Prohibition and other temperance excerpts. Mrs. Wilson followed with a number of short but pointed paragraphs. We were glad to hear that Pennsylvania now leads in the number of newspapers that will not advertise liquor. Mrs. Wilson also spoke of the encouraging work in the schools in Clearfied in scientific temperance lines, the scholars seeming eager and responsive. She also stated that seventeen of our colleges have taken up temperance oratorical work.

Mrs. Dietzel read the "Hearst Rally" Shall we introduce prohibition or temperance?

"Ladies Aid" a telling piece, that all members of church aid societies can appreciate, was read by Mrs. Howard—just what would become of county churches without their assistance, ending with the reward of the faithful

Extracts from Prohibition in Colorado," was read by Mrs. Carrie Smith. One recited how "Jim Goodheart" used to spend $50 per month for soup for saloon waifs, now, under prohibition spends but $8 mainly for sick women and children.

Mrs. Chorpenning read a short extract from the address of National President Miss Anna A. Gordon.

The musical part of the program was much enjoyed. First a duet by Mrs. Smith and Mrs. McKelvey, then a solo by Miss Bessies Rhinard followed by a selection on the piano by Mrs. Smith, all of which, were most pleasingly rendered.

Mrs. Davis then read "Indictment against Alcohol as a Medicine," being the opinion of Dr. Evans, formerly head of the health department in Chicago.

Eliza Johnson read John L. Sullivan's "Stand for Temperance."

Singing by the members was followed by delicious refreshments.

The attendance was good and nine members were added, including three honoraries.

HAVERSTOCK OF THIRD WARD IS PROVEN LOYAL

Popular Principal of "Brooklyn" Schools is Member of P. O. S. of A. and 100% Loyal

WANTS TO MEET VILLIFIERS

We came pretty "dern" near having a good story this afternoon. Just after we rolled up our sleeves and started to work after lunch the telephone bell rang and an excited Third Ward Citizen immediately began to pour into our waiting ear a fascinating tale regarding the Principal of the Third Ward schools, whom he said he had been informed by some fellow whose little girl was told by some other fellow's little boy that another little boy's brother had seen a picture of Kaiser Wilhelm flanked on either side by a German flag nailed on the wall in the Principal's class room and the aforesaid principal marching back and forth in front of the decorations daring any American 10 year old in the room to come ahead and try to pull them down; that one little fellow did make the attempt and the waiting German spy (?) pounced onto him and beat and kicked him full soon.

In a few minutes the phone rang again and another tale of the same kind with additional details was inflicted upon us. About that time a prominent West Side citizen dropped into the office and told us the story as he got it.

Grabbing our hat and trusty lead pencil we hit the trail for the Third Ward. When we got in sight of the building we saw "Old Glory" pass floating from the flag staff and when we entered the door we heard a Victrola giving forth a medley of patriotic airs while the principal was engaged in forming the kids in line for the weekly fire drill.

The surroundings were not at all Kaiser-like and when we made our mission known Prof. Haverstock gave us the laugh in good old American style and told us to go ahead and hunt the Kaiser and his flag, as he had seen none of them nor did he want to.

Prof. Haverstock said somebody had been industriously circulating these stories about him for some time and that he would like to locate the author thereof. He said he was a native of Adams county and a member of the Patriotic Order Sons of America and instead of being a fallower of the Kaiser he was entirely satisfied with his Uncle Sammy and that the grand old stars and stripes under which he was born and raised and stood ready to defend with his life if necessary was good enough for him anytime.

Thus endeth our story.

Loyalty Petitions Are Sent to President

Contain Names of More Than 700 Loyal American Citizens

The loyalty petitions which were circulated about town the past week were mailed to the President at Washington today by the committee in charge of same.

The different petitions sent the names of more than seven dred loyal, patriotic Americans wished to reaffirm their loyalty to the government and to notify President Wilson that they were with him to the finish of anything he found it necessary to do in defense of American rights and American lives.

The young men who circulated the petition also kept a list of the loyal Americans and supposed Americans they met with in their rounds, with a notation giving the reasons advanced by each fellow when he refused to sign. These, too, make interesting reading and the committee will have them published following the action of congress next Monday.

TURN ON THE LIGHT

The elegant response to our suggestion that Old Glory be unfurled from every building has been equal to our greatest expectations. We feel safe now in predicting that practically every building in this city will be flying the Stars and Stripes by next Tuesday when our Congress meets to deal with the crisis brought about by the ruthless submarine warfare of Germany. Especial mention should be made at this time of those firms and individuals who have gone to the expense of illuminating the flag as it was the first to take up this beautiful practice and it is quickly being followed by other business places and patriotic persons of the city. We need not mention their names You have seen the effect it gives to Old Glory and enjoyed it with us. Let more follow in their train. The flag now flying over the Banta Refrigerator Works saw service in the Philippines and is the property of Lieut. F. B. Kerr. That flag had a part in restoring freedom to the Cubans and putting down revolutionary government in the Philippines. May it inspire us to get freedom of the seas for our own people and restore Belgium to her rightful owners.

WHAT DO THEY WANT?

Chancellor von Bethmann-Hollweg made a speech in the Reichstag yesterday afternoon which will fail of its design and purpose. The Chancellor no doubt was possessed with the idea that our pacifists were still in the ascendency and that Old Uncle Sammy was still in the pious attitude that he assumed during the period that William Jennings Bryan steered the Ship of State into perilous waters and allowed it to be buffetted around on the waves of Teutonic intrigue and Prussian necessity.

Hollweg's first statement that Germany did not desire war with the United States is nothing new. Had she desired to make war on us she would have done so long ago when we were utterly unprepared and without any program, policy, determination or realization of our own interests and our responsibility to the people of our own nation and our brothers across the waters. No, Germany does not want a war with us, but she does want us to sit idly by and put up with anything that she desires to pull off regardless of what effect it might have on our commerce and our people. She does not even stop at the taking of life of non-combatants. Germany takes the stand that it is their fight with the Allies and that the whole world should get out of their way and let the fight go on. She forbade our citizens to sail for Europe at one time and had Bryan remained as Secretary of State there is no doubt but that the time would have come when she would have brazenly notified our steamship lines to cease sailing in order that the Atlantic Ocean might be made a battle ground. Teutonic military necessity outraged the little nation of Belgium and it is not going too strong to suggest that if there had been any way of doing it she would have taken our own shipyards and steel plants along the eastern coast on the same plan.

The Chancellor's second statement that "if war comes we will meet it and overcome it; washing our hands of all responsibility" is at one and the same time a threat thrown into the teeth of President Wilson and an attempt to evade the responsibility of war by a time honored method originated by Pilate. Any washing of their own hands will not be of the Dutch Cleanser variety and while it might appear to their "German Kultur" vision that a mere statement will efface the blot that it will be, the world will not see it in that manner and in the end will condemn the hypocritical expression of Hollweg and look upon the United States as a nation "not afraid to take up the battle of humanity" and play their part towards keeping a militaristic nation in their own backyard and forever establish the precedent that "military necessity" does not suffice as an excuse to gain a victory by the effacement of smaller and weaker nations.

The speech can have only one effect and that will be to show the people of the United States the view of German militarists and expose their stalls born of hypocrisy.

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion Also loosens the bowels, thus breaking a cold at once.

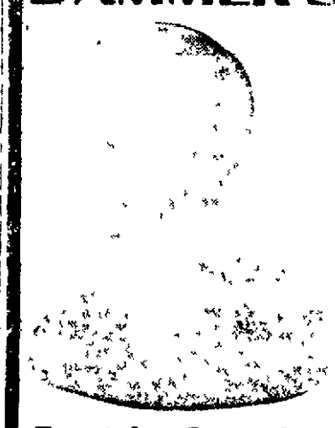

It is inexpensive and entirely vegetable, therefore harmless.

Letters to the Editor

Lawrence Twp, March 29, 1917

Editor Progress.

Dear Sir As you are no doubt aware the State Forestry department has been cutting timber on the state lands and throughout Kennedy Park game reserve for the past six or eight years and in that time have no doubt realized many thousands of dollars as the result of this lumbering operation The saw mill located at the old Smith place on the Penfield pike, which was in charge of Joe Laroque of Home Camp, has at last been removed, now that all the timber worthy of the name has been sawed up, and I thought as a citizen and taxpayer I would like to know just how much money was turned into the offices of the State from this source.

I made inquiry about the court house but was informed that nobody knew anything about the matter there One of my friends there dug up several copies of the Forestry department reports from year to year, but claimed they could not get the desired information therefrom

Now, Mr Editor, a lot of my neighbors are also interested in this matter and ask you to kindly dig up this information if possible and publish a statement of same in the columns of your valuable newspaper

This is a matter that needs investigation and I hope you can get the desired information for us

Yours truly

SILL FLIRTED WITH A GRAVE

Pittsburg Man Frequently Fainted and Had to Be Taken to Hospital

"I'll tell you the truth, if I knew that Tanlac was not going to be sold any more I would try to buy every bottle on that counter over there before I left here today," said W. J. Sill at the drug store in Pittsburg, Pa. where Tanlac is being introduced. Mr. Sill lives at 1206 Magnolia street, North Side, and is connected with the New York Dye Work, at 528 Penn avenue

"Before I began taking it," he continued, "I weighed many pounds less than I ever weighed Today, I got on the scales and tipped them 10 pounds more than I have weighed in twelve months or more That's exactly what two bottles of Tanlac did for me Just look at me I'm filling these trousers rapidly

"About two years ago I commenced having stomach trouble and it kept getting worse until I began having regular attacks of acute indigestion When these attacks came on me and they were usually accompanied by nervous spells and dizziness, I would just swell up out of all proportion and become as limp as a rag. My breath would get short and my pulse so weak I was afraid my heart would stop beating. I have become unconscious on the street numerous times and had to be taken to the hospital I tell you I was fluting with my grave, and would have been in it if it hadn't been for Tanlac"

Tanlac is now sold here by Woodward & McPherson.

FEDERAL TRADE COMMISSION WARNS COAL DEALERS

Washington, March 30—There have been whisperings that coal dealers in the United States won't make their annual reduction of from fifty cents to a dollar a ton in coal on dates from April 1 to May 15 So the Federal Trade commission today went on record as warning the dealers that there is plenty of coal in the country and plenty of facilities to distribute it and that if they fail to make their annual reduction they will be answerable to the commission New York dealers announced they wouldn't make their annual 50 cent reduction beginning Monday That was after the commission spoke, however

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent it, sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanliness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day and day out.

"THE PRETENDERS"

Special at the Globe Tomorrow

Silas Pettingill strikes oil and suddenly becomes immensely wealthy. His wife Maria and their daughter Helen demanded that they move from their middle Western home to a mansion on Fifth avenue, New York. Even then they are dissatisfied, for they have no fashionable friends. Silas wearies of their complaints. He goes out and makes friends with a taxicab driver, an agreeable young man named Hubert Stanwood, and as the hour grows late, takes him home with him to bed.

In the morning Mrs Pettingill demands to know who the stranger is. Not daring to tell her he has brought home only a chauffeur, he introduces Stanwood as Count Erfitt. Mrs. Pettingill runs to tell Helen the glad news, and they plan a series of social functions to introduce their new guest. Soon the "Count" is seen everywhere with Helen.

Helen and Stanwood have fallen in love with each other at their first meeting. Stanwood proposes, and Helen accepts him. But Thurston tells Rita she must find a way to compromise Stanwood. She does so, and Helen breaks her engagement to Stanwood, and announces her engagement to Thurston, known as the "Earl." Stanwood engages a detective to unmask Thurston, but he has manufactured credentials and Stanwood himself is unmasked as a false Count. Detective Burke is about to take both Thurston and Stanwood into custody, not knowing which one of them is the false Earl of Bradwood, when the lawyer arrives from New York and identifies Stanwood as the genuine Earl. Thurston is led away, and Stanwood and Helen, soon to be Lady Bradwood, are reunited.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

Style Week

The Whole Store Is Brilliant With NEW EASTER MERCHANDISE

In Every Section of the Store the Radiant Colors of the New Season help add to the Attractive Displays now on view. Every day, during the past several weeks, New Spring Goods have been arriving. Some have come by express, others by freight. A visit to the store now will prove interesting.

What Kind Of A Hat Will You Buy This Spring.

That is a very important question—probably a question more important than you have given any thought to. And especially in a season like this when so many shapes are to be used and such vivid colors are in vogue. There's one best thing to do: go to a store where the selection is broad enough to satisfy your preferences and for you to secure a shade that will be most becoming. For rest assured that every good shape and triming idea of the season will be found in our millinery department.

THE SPRING SUIT QUESTION IS ANSWERED IN THE CHOICE STYLES SHOWN HERE

If there has been a question in your mind as to the style suit you would like to wear for spring, dispel any worriesome thought regarding it. Come to our suit section with an open mind—come with the sole thought in view of securing a fashionable well fitting garment and at a price that you want to pay. If you do this, you need have no uneasiness as to satisfaction and pleasure you are going to get out of your spring suit. We say again, the suit question is answered completely and fully in our spring showing and from every viewpoint.

Spring suits of woolen materials from $19.75 to $75.00

THE NEW VEILINGS

The new veilings are of extremely fine texture—and that makes them all the more desirable because a woman can wear a veil that is a wonderful help to her appearance and complexion yet does not mar her vision in any way. Even where the design is of a heavy pattern, the veils are extremely desirable for the mesh is still very fine and almost invisible to the eye.

Veilings ..... 25c to 50c yd.
Ready-made veils ..... 50c to $1.50

WOMEN'S SRING COATS $17.50 —A MUCH FAVORED MODEL—

This is a model that falls below the knees and because of this length it is much favored by most women, aside from the fact that it is smart and fashionable. The garments fit loose have a very attractive collar with new idea in pockets that seem to give an added touch of smartness and make the style unusual. Very carefully tailored showing superior workmanship throughout. Colors are gold, apple green, tan, grey, navy and black.

Other smart coats from .... $9.75 to $45.00

IF YOU ARE ONE WHO LIKE A SWEATER THEN YOU WILL BE INTERESTED IN THESE NEW SWEATERS FOR SPRING

In the group are lightweight angora sweaters in combination of colors that seem to have been designed to meet, particularly, the sports colors in vogue. They have a dash and swing to them that adds a note of smartness to a woman's attire that is simply irresistible.

And then there are silk fibre sweaters, silk jersey sweaters as well as the ever stable knitted sweater coats; but there's so much difference between the sweaters of old and those that are now in vogue there is really no comparison. If you want to see the newest and smartest of the sweater fashions; the sweater section will be the magnet to draw you to the store quickly. Prices range from ..... $4.95 to $14.95

HAVE YOU WONDERED WHY WOMEN HAVE TALKED SO MUCH ABOUT OUR SHOWING OF

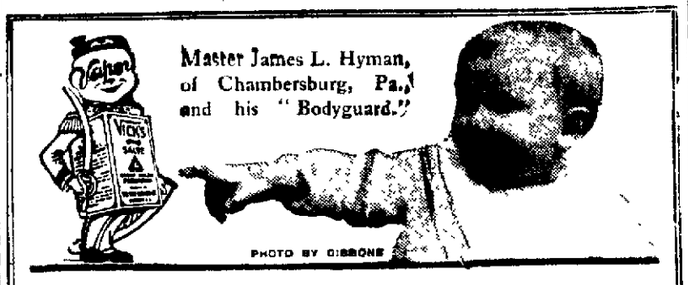

WAISTS.

A visit to the waist section will give you all the facts and reasons. You will not need further convincing after you once see the collection. The waists on display represent the very best fashion ideas. The colors are in just the shades in demand. The trimming ideas seem to have been designed to bring out the most attractive effects. So we say again if you will visit the waist section you will not wonder why our waist department is talked about. And then please note the price tickets. Every one represents an unusual value.

SEPARATE SILK SKIRTS ARE TO BE THE SPRING SENSATION

Some will call these silk skirts gay; some will call them bold; but EVERY woman will like them. There are skirts of white satin and of a very soft quality. Others of various shades of the new mustard color. And then there are others of black taffeta, black satin and striped silks. We venture to say that every woman will own one silk separate skirt this coming season. The styles are paricularly pleasing and look unusually good when worn. Prices . $5.95 to $25.00

This Little Chap Is Never "Dosed" For Colds

The Hymans Now Use the "External" Treatment for Croup and Cold Troubles

MR. PAUL S. HYMAN, of 438 E. Washington Street, Chambersburg, Pa., is the father of this fine baby boy. Sometime ago Mr. Hyman tried the Southern method of treating colds externally—Vick's VapoRub Salve, and was so delighted with the results that he has given us permission to reprint his letter as follows:

"I had a very bad cold on my chest, and coughed very hard. I rubbed Vick's VapoRub on my chest for about five or six times and the results were wonderful. Also I have a fifteen months old baby boy who had a very bad cold in his head. My wife put it rubbed some on his nose and forehead, and the cold was loosened in no time at all. We have used a great many other remedies, but yours is best so far."

Vick's VapoRub is quicker and better than internal medicines for cold troubles and is particularly recommended for children, as it does not disturb their digestion. The heat of the body releases a soothing pine tar vapor that is inhaled with each breath, and, in addition, VapoRub absorbs thru the skin, taking out the tightness and soreness. Mothers will find it a "true Bodyguard for the home." Three sizes, 25c, 50c or $1.00.

Chancellor's Veiled Threat Will Result In Early Warfare

Only War Talk Is Heard In Official Circles About Washington While Socialists Differ With Hollweg

WILSON'S MESSAGE IS BEING PREPARED

Berlin via Sayville wireless, March 30—"The German nation does not desire war with the United States but if war comes we will meet and overcome it; washing our hands of all responsibility. Chancellor von Bethmann-Hollweg announced in the Reichstag this afternoon in a speech on relations between the United States and Germany.

Amsterdam, March 30—For the first time since the beginning of the war Germany's future has been foretold in a Reichstag speech according to dispatches from Russia. Member Spahn was quoted as declaring from von Bethmann-Hollweg's speech that "he hoped Germany was prepared to fight a new and powerful foe."

Socialist member Nosk bitterly censored Foreign Secretary Zimmerman's Mexican-Japanese plot against the United States and declared the "Prussian system of government must be abolished and that Germany must not be considered a reactionary country."

Spahn asserted that "all entente rulers are on unsafe thrones even Italy with a revolutionary spirit is seething and the King is tottering on his throne." Socialist ians are gaining adequately in Germany. Complete success of the revolution in Russia has made a profound impression upon the German public.

By Robert J. Bender
(United Press Staff Correspondent)

Washington March 30.—Only actual war was talked here generally today. Chancellor von Bethmann-Hollweg's speech in the Reichstag yesterday clenched all hopes for peace.

President Wilson at his cabinet meeting this afternoon will shape the last details which will mean the entry of the United States into the conflict in some fashion which will be decided by congress.

Hollweg, defiant, weak and misleading in his argument, cast aside all doubt of actual hostilities between the United States and Germany, and it is considered by experts to determine President Wilson to put forciby up to congress that the United States must take a full part in the struggle.

The cabinet and President Wilson will shape the details in the resident's "war message" today. The main thought of it—strong defense of American rights—according to authorties has been crystalized long since.

That the President is rapidly planning some form of universal military training is the view of authorities who have closely followed the events in the case. President Wison himself favors some form of universal military training.

The pacifists in congress will be literally swamped by a patriotic wave Monday, according to unoffical canvas today. Congress will stand behind President Wilsen's program to the last ditch.

OOR FOLKS IN COURT TO HAVE BEST ATTORNEYS

New York, March 20—Because unscrupulous lawyers have caused poor people to get unfair treatment in New York courts, a corps of the best lawyers money can buy is being organized under the direction of the Public Defender to see that the poor get a square deal.

John D. Rockefeller, Jr., and other wealthy men are backing the plan financially. The Public Defense bureau will open Monday. Each one will be prepared for trial by experts and a capable member of the staff assigned to defend it in court.

The plan is fathered by members of the New York bar, who say that, crooked practitioners have not only dealt unfairly with their poor clients but have in some instances treated their cases in such manner as to lead them into the life of the confirmed criminal.

Bone, the eye specialist, is at the or Hotel. Call and see him t your eyes or headache. M-28-1w

CAMILE TONEY DEAD

Camile Toney, a respected resident of Lawrence township, died at his home in Plymptonville at 6 o'clock this morning following an illness of more than five months duration. The deceased was an honest, industrious, upright man, who enjoyed the respect and esteem of a large circle friends. Some five months ago he was taken down with a severe attack of typhoid fever, which affected his heart, and his death was caused by leakage of the heart and dropsy, due to the ravages of typhoid.

He was 29 years of age, leaves a sorrowing widow and two children. He is also survived by his parents, Mr. and Mrs. Michael Toney, of Clearfield street and the following brothers and sisters: Samuel, Nino, Benjamin and Joseph of Clearfield; Philip, of New Orleans, La.; Mrs. John Cello and Miss Lillian of Clearfield.

The funeral will be held Monday morning a high requiem mass being celebrated in St. Francis Catholic church at 9 o'clock. Interment in famil plot in Calvary cemetery.

F. B. Leavy, funeral director.

THE WOOD DRIED ALRIGHT

Mooley sounded for box 26 about 2.45 this afternoon and the firemen made a get away in record time for Fourth and Ogden avenue. When they arrived there they found the fire to have been in the oven of a house in Snyder Terrace near Polks Bottom.

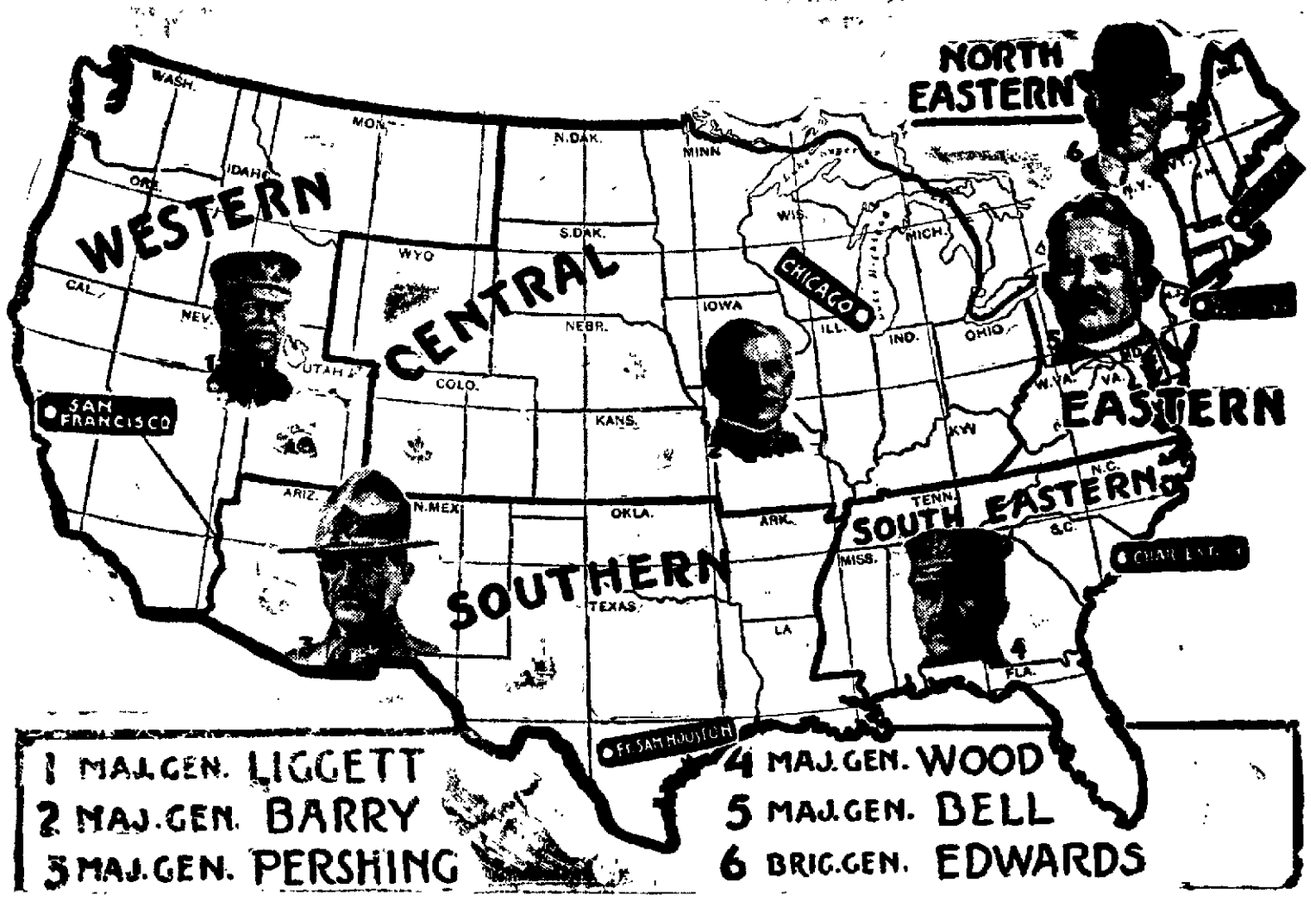

An armfull of wood had been placed in the oven to dry and overdid the drying process. The woman of the house went out and when the smoke commenced issuing from the house the fire alarm was sent in. The fire was put out without any damage.

FULTON TO PHILADELPHIA

(By United Press)

Newcastle, March 3.—The Rev. D. Chalmers Fulton goes from the pastorate he held here to Sherood Mission, Phila., as superintendent tomorrow.

New Department of Commanders Established By The President

By order of the President the country has been divided into six military districts to take the place of four established for many years, and the appointments of generals to command these have interested the nation. The most important change was that of General Leonard Wood, from the Department of the East to the new Department of the Southeast, a change which many of the general's friends declare is due to politics. He is to be replaced in the Department of the East by General J. Franklin Bell. General Clarence R. Edwards goes to the newly created Northeastern Department. General Hunter Liggett will command the Western Department. General Thomas H. Barry will command the Central Department, and General John J. Pershing will remain in charge of the Southern Department.

Bids Farewell To Boys And Girls Of C.H.S

Student Body Regrets Loss of Y. M. C. A. Man to East Liverpool.

The students of the Clearfield High School had the pleasure this morning of listening to Secretary W. I. Lewis of the local Y. M. C. A. Mr. Lewis is always an entertaining and forceful talker and no one could stir a student body as he in his enthusiastic, optimistic manner. The occasion of the visit was a farewell to the young people of Clearfield with whom Mr. Lewis has come in contact during his work here. There is a feeling of genuine regret among the young people of Clearfield at the departure of Mr. Lewis and all are glad to have him come among them and bid them farewell in this manner. Mr Lewis was followed by Mr. Zerfoss, superintendent of schools for Clearfield, who spoke on the High school, its beauty, advantages and opportunities. Incidentally he touched on the care that should be taken of the building and High school property and thanked the students for their part in bringing forth the necessity for the new building and their part in advancing the educational life of Clearfield. At the conclusion Cheer Leader Albert Kennard was called upon and under his guidance the new building resounded with the calls that have so often brought courage to the hearts of the Gridiron warriors and put new life into the student body. The informal exercises terminated with the singing of "America" led by Prof. Van Austin.

CHARLES BRICKEL WILL RECOVER

Charles, the ten year old son of Mr. and Mrs. Peter Brickel, of Arcadia, was brought to the Clearfield hospital several days ago suffering from an acute case of appendicitis. After the operation a gangrenous affection set in and his life was despaired of two days. Latest reports are that he will recover and the many friends of the Brickel family in this vicinity are rejoicing with them.

Philipsburg to Meet C.H.S. Cage Tossers

Fully Expect to Inflict an Overwhelming Defeat on Visitors.

C. H. S. basket tossers will cross swords tonight with the strong Philipsburg five Philipsburg has had an exceptionally good team this year and at the last meeting C. H. S. went down to defeat by one score. C. H. S. is convinced that they will win tonight. The boys have taken on new "pep" and "ginger" since they have the fine new floor to play on and their followers are looking forward to a fast game tonight. The fact that C. H. S. won from the city of Williamsport speaks well for the boys and makes it a sure thing that they will go like wildfire tonight to take the honors from our sister town with the brand new opera house and bank buildings. There are many people in Clearfield who have not yet been inside the new High School building and this will afford them an excellent opportunity of getting acquainted with this wonderful edifice in which they have a part Word from Philipsburg is to the effect that their team is not one bit frightened over the speed of Clearfield as shown in the Williamsport game and it is said that they, as a part of their regular practice have been gazing long and hard into a 250 watt Mazda in an effort to get accustomed to the dazzling light of the new building over here that was blamed by Williamsport for their defeat.

CorporationsCan't Hold Retail Liquor License

Dry Attorney Asserts in Fight on DuBois Hotel Company

The following petition was filed at the court house this morning by John C. Arnold, attorney for the Dry Federation, which will give the Court one more question to ponder over before finally taking action on those of the retail licenses that have been held by corporations instead of individuals. The Dry Federation contends that the court cannot grant the DuBois Hotel Company upon whose application the court has not yet acted.

In re Application of DuBois Hotel Co:

John C. Arnold, Counsel for the Remonstrants objects to the granting of the above license prayed for, for the following additional reasons, which appear on the face of the petition in the above application.

1. The petitioner is a coporation.

2. The court is without jurisdiction to grant a retail license to a corporation.

The Clearfield Hotel company which holds the license for the Dimeling Hotel of Clearfield is a corporation and if the reason given by Mr. Arnold is sustained it will result in the cancellation of the license now held by the Dimeling Hotel.

W. C. T. U. In Regular Monthly Session

Delightful Meeting Held at Home of Mrs. Lawhead Last Night.

A most enjoyable dime social under the auspices of the W. C. T. U. was held at the home of Mrs. M. G. Lawhead last evening.

Exercises were opened by singing America. Prayer was made by the president, Mrs. Bouton, who also read a Liquor Dealer's Opinion of Prohibition and other temperance excerpts. Mrs. Wilson followed with a number of short but pointed paragraphs. We were glad to hear that Pennsylvania now leads in the number of newspapers that will not advertise liquor. Mrs. Wilson also spoke of the encouraging work in the schools in Clearfied in scientific temperance lines, the scholars seeming eager and responsive. She also stated that seventeen of our colleges have taken up temperance oratorical work.

Mrs. Dietzel read the "Hearst Rally" Shall we introduce prohibition or temperance?

"Ladies Aid" a telling piece, that all members of church aid societies can appreciate, was read by Mrs. Howard—just what would become of county churches without their assistance, ending with the reward of the faithful

Extracts from Prohibition in Colorado," was read by Mrs. Carrie Smith. One recited how "Jim Goodheart" used to spend $50 per month for soup for saloon waifs, now, under prohibition spends but $8 mainly for sick women and children.

Mrs. Chorpenning read a short extract from the address of National President Miss Anna A. Gordon.

The musical part of the program was much enjoyed. First a duet by Mrs. Smith and Mrs. McKelvey, then a solo by Miss Bessies Rhinard followed by a selection on the piano by Mrs. Smith, all of which, were most pleasingly rendered.

Mrs. Davis then read "Indictment against Alcohol as a Medicine," being the opinion of Dr. Evans, formerly head of the health department in Chicago.

Eliza Johnson read John L. Sullivan's "Stand for Temperance."

Singing by the members was followed by delicious refreshments.

The attendance was good and nine members were added, including three honoraries.

HAVERSTOCK OF THIRD WARD IS PROVEN LOYAL

Popular Principal of "Brooklyn" Schools is Member of P. O. S. of A. and 100% Loyal

WANTS TO MEET VILLIFIERS

We came pretty "dern" near having a good story this afternoon. Just after we rolled up our sleeves and started to work after lunch the telephone bell rang and an excited Third Ward Citizen immediately began to pour into our waiting ear a fascinating tale regarding the Principal of the Third Ward schools, whom he said he had been informed by some fellow whose little girl was told by some other fellow's little boy that another little boy's brother had seen a picture of Kaiser Wilhelm flanked on either side by a German flag nailed on the wall in the Principal's class room and the aforesaid principal marching back and forth in front of the decorations daring any American 10 year old in the room to come ahead and try to pull them down; that one little fellow did make the attempt and the waiting German spy (?) pounced onto him and beat and kicked him full soon.

In a few minutes the phone rang again and another tale of the same kind with additional details was inflicted upon us. About that time a prominent West Side citizen dropped into the office and told us the story as he got it.

Grabbing our hat and trusty lead pencil we hit the trail for the Third Ward. When we got in sight of the building we saw "Old Glory" pass floating from the flag staff and when we entered the door we heard a Victrola giving forth a medley of patriotic airs while the principal was engaged in forming the kids in line for the weekly fire drill.

The surroundings were not at all Kaiser-like and when we made our mission known Prof. Haverstock gave us the laugh in good old American style and told us to go ahead and hunt the Kaiser and his flag, as he had seen none of them nor did he want to.

Prof. Haverstock said somebody had been industriously circulating these stories about him for some time and that he would like to locate the author thereof. He said he was a native of Adams county and a member of the Patriotic Order Sons of America and instead of being a fallower of the Kaiser he was entirely satisfied with his Uncle Sammy and that the grand old stars and stripes under which he was born and raised and stood ready to defend with his life if necessary was good enough for him anytime.

Thus endeth our story.

Loyalty Petitions Are Sent to President

Contain Names of More Than 700 Loyal American Citizens

The loyalty petitions which were circulated about town the past week were mailed to the President at Washington today by the committee in charge of same.

The different petitions sent the names of more than seven dred loyal, patriotic Americans wished to reaffirm their loyalty to the government and to notify President Wilson that they were with him to the finish of anything he found it necessary to do in defense of American rights and American lives.

The young men who circulated the petition also kept a list of the loyal Americans and supposed Americans they met with in their rounds, with a notation giving the reasons advanced by each fellow when he refused to sign. These, too, make interesting reading and the committee will have them published following the action of congress next Monday.

TURN ON THE LIGHT

The elegant response to our suggestion that Old Glory be unfurled from every building has been equal to our greatest expectations. We feel safe now in predicting that practically every building in this city will be flying the Stars and Stripes by next Tuesday when our Congress meets to deal with the crisis brought about by the ruthless submarine warfare of Germany. Especial mention should be made at this time of those firms and individuals who have gone to the expense of illuminating the flag as it was the first to take up this beautiful practice and it is was the first to take up this beautiful practice an it is quickly being followed by other business places and patriotic persons of the city. We need not mention their names You have seen the effect it gives to Old Glory and enjoyed it with us. Let more follow in their train. The flag now flying over the Banta Refrigerator Works saw service in the Philippines and is the property of Lieut. F. B. Kerr. That flag had a part in restoring freedom to the Cubans and putting down revolutionary government in the Philippines. May it inspire us to get freedom of the seas for our own people and restore Belgium to her rightful owners.

WHAT DO THEY WANT?

Chancellor von Bethmann-Hollweg made a speech in the Reichstag yesterday afternoon which will fail of its design and purpose. The Chancellor no doubt was possessed with the idea that our pacifists were still in the ascendency and that Old Uncle Sammy was still in the pious attitude that he assumed during the period that William Jennings Bryan steered the Ship of State into perilous waters and allowed it to be buffetted around on the waves of Teutonic intrigue and Prussian necessity.

Hollweg's first statement that Germany did not desire war with the United States is nothing new. Had she desired to make war on us she would have done so long ago when we were utterly unprepared and without any program, policy, determination or realization of our own interests and our responsibility to the people of our own nation and our brothers across the waters. No, Germany does not want a war with us, but she does want us to sit idly by and put up with anything that she desires to pull off regardless of what effect it might have on our commerce and our people. She does not even stop at the taking of life of non-combatants. Germany takes the stand that it is their fight with the Allies and that the whole world should get out of their way and let the fight go on. She forbade our citizens to sail for Europe at one time and had Bryan remained as Secretary of State there is no doubt but that the time would have come when she would have brazenly notified our steamship lines to cease sailing in order that the Atlantic Ocean might be made a battle ground. Teutonic military necessity outraged the little nation of Belgium and it is not going too strong to suggest that if there had been any way of doing it she would have taken our own shipyards and steel plants along the eastern coast on the same plan.

The Chancellor's second statement that "if war comes we will meet it and overcome it; washing our hands of all responsibility" is at one and the same time a threat thrown into the teeth of President Wilson and an attempt to evade the responsibility of war by a time honored method originated by Pilate. Any washing of their own hands will not be of the Dutch Cleanser variety and while it might appear to their "German Kultur" vision that a mere statement will efface the blot that it will be, the world will not see it in that manner and in the end will condemn the hypocritical expression of Hollweg and look upon the United States as a nation "not afraid to take up the battle of humanity" and play their part towards keeping a militaristic nation in their own backyard and forever establish the precedent that "military necessity" does not suffice as an excuse to gain a victory by the effacement of smaller and weaker nations.

The speech can have only one effect and that will be to show the people of the United States the view of German militarists and expose their stalls born of hypocrisy.

"I got in easily enough—

OLD-TIME COLD CURE—DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

Letters to the Editor

Lawrence Twp, March 29, 1917
Editor Progress.

Dear Sir As you are no doubt aware the State Forestry department has been cutting timber on the state lands and throughout Kennedy Park game reserve for the past six or eight years and in that time have no doubt realized many thousands of dollars as the result of this lumbering operation The saw mill located at the old Smith place on the Penfield pike, which was in charge of Joe Laroque of Home Camp, has at last been removed, now that all the timber worthy of the name has been sawed up, and I thought as a citizen and taxpayer I would like to know just how much money was turned into the offices of the State from this source.

I made inquiry about the court house but was informed that nobody knew anything about the matter there One of my friends there dug up several copies of the Forestry department reports from year to year, but claimed they could not get the desired information therefrom

Now, Mr Editor, a lot of my neighbors are also interested in this matter and ask you to kindly dig up this information if possible and publish a statement of same in the columns of your valuable newspaper

This is a matter that needs investigation and I hope you can get the desired information for us

Yours truly

SILL FLIRTED WITH A GRAVE

Pittsburg Man Frequently Fainted and Had to Be Taken to Hospital

"I'll tell you the truth, if I knew the Tanlac was not going to be sold any more I would try to buy every bottle on that counter over there before I left here today," said W. J. Sill at the drug store in Pittsburg, Pa. where Tanlac is being introduced. Mr. Sill lives at 1206 Magnolia street, North Side, and is connected with the New York Dye Works, at 528 Penn avenue

"Before I began taking it," he continued, "I weighed many pounds less than I ever weighed Today, I got on the scales and tipped them 10 pounds more than I have weighed in twelve months or more That's exactly what two bottles of Tanlac did for me Just look at me I'm filling these trousers rapidly

"About two years ago I commenced having stomach trouble and it kept getting worse until I began having regular attacks of acute indigestion When these attacks came on me and they were usually accompanied by nervous spells and dizziness, I would just swell up out of all proportion and become as limp as a rag. My breath would get short and my pulse so weak I was afraid my heart would stop beating. I have become unconscious on the street numerous times and had to be taken to the hospital I tell you I was flirting with my grave, and would have been in it if it hadn't been for Tanlac"

Tanlac is now sold here by Woodward & McPherson.

FEDERAL TRADE COMMISSION WARNS COAL DEALERS

Washington, March 30—There have been whispers that coal dealers in the United States won't make their annual reduction of from fifty cents to a dollar a ton in coal on dates from April 1 to May 15 So the Federal Trade commission today went on record as warning the dealers that there is plenty of coal in the country and plenty of facilities to distribute it and that if they fail to make their annual reduction they will be answerable to the commission New York dealers announced they wouldn't make their annual 50 cent reduction beginning Monday That was before the commission spoke, however

SALT

Salt is a white, bullheaded seasoning that has to be put in a shaker or handled roughly before it will mind

It has an awful crust at times and must be pulverized into submission It will balk and stalk around its retreat as long as it can, coming out in the open only when you threaten it with the blunt end of a fork

Then it has spells of melancholy You might as well let it alone when it gets one of these It grows soggy and dull There is nothing in the world more morose than a soggy shakerful of salt

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent it, sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanliness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day and day out.

"THE PRETENDERS"

Special at the Globe Tomorrow

Silas Pettingill strikes oil and suddenly becomes immensely wealthy. His wife Maria and their daughter Helen demanded that they move from their middle Western home to a mansion on Fifth avenue, New York. Even then they are dissatisfied, for they have no fashionable friends. Silas wearies of their complaints. He goes out and makes friends with a taxicab driver, an agreeable young man named Hubert Stanwood, and as the hour grows late, takes him home with him to bed.

In the morning Mrs Pettingill demands to know who the stranger is. Not daring to tell her he has brought home only a chauffeur, he introduces Stanwood as Count Erfitt. Mrs. Pettingill runs to tell Helen the glad news, and they plan a series of social functions to introduce their new guest. Soon the "Count" is seen everywhere with Helen.

Helen and Stanwood have fallen in love with each other at their first meeting. Stanwood proposes, and Helen accepts him. But Thurston tells Rita she must find a way to compromise Stanwood. She does so, and Helen breaks her engagement to Stanwood, and announces her engagement to Thurston, known as the "Earl." Stanwood engages a detective to unmask Thurston, but he has manufactured credentials and Stanwood himself is unmasked as a false Count. Detective Burke is about to take both Thurston and Stanwood into custody, not knowing which one of them is the false Earl of Bradwood, when the lawyer arrives from New York and identifies Stanwood as the genuine Earl. Thurston is led away, and Stanwood and Helen, soon to be Lady Bradwood, are reunited.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

Style Week

The Whole Store Is Brilliant With NEW EASTER MERCHANDISE

In Every Section of the Store the Radiant Colors of the New Season help add to the Attractive Displays now on view. Every day, during the past several weeks, New Spring Goods have been arriving. Some have come by express, others by freight. A visit to the store now will prove interesting.

What Kind Of A Hat Will You Buy This Spring.

That is a very important question—probably a question more important than you have given any thought to. And especially in a season like this when so many shapes are to be used and such vivid colors are in vogue. There's one best thing to do: go to a store where the selection is broad enough to satisfy your preferences and for you to secure a shade that will be most becoming. For rest assured that every good shape and triming idea of the season will be found in our millinery department.

THE SPRING SUIT QUESTION IS ANSWERED IN THE CHOICE STYLES SHOWN HERE

If there has been a question in your mind as to the style suit you would like to wear for spring, dispel any worriesome thought regarding it. Come to our suit section with an open mind—come with the sole thought in view of securing a fashionable well fitting garment and at a price that you want to pay. If you do this, you need have no uneasiness as to satisfaction and pleasure you are going to get out of your spring suit. We say again, the suit question is answered completely and fully in our spring showing and from every viewpoint.

Spring suits of woolen materials from $19.75 to $75.00

THE NEW VEILINGS

The new veilings are of extremely fine texture—and that makes them all the more desirable because a woman can wear a veil that is a wonderful help to her appearance and complexion yet does not mar her vision in any way. Even where the design is of a heavy pattern, the veils are extremely desirable for the mesh is still very fine and almost invisible to the eye.

Veilings ..... 25c to 50c yd.
Ready-made veils ..... 50c to $1.50

WOMEN'S SRING COATS $17.50 —A MUCH FAVORED MODEL—

This is a model that falls below the knees and because of this length it is much favored by most women, aside from the fact that it is smart and fashionable. The garments fit loose have a very attractive collar with new idea in pockets that seem to give an added touch of smartness and make the style unusual. Very carefully tailored showing superior workmanship throughout. Colors are gold, apple green, tan, grey, navy and black.

Other smart coats from .... $9.75 to $45.00

IF YOU ARE ONE WHO LIKE A SWEATER THEN YOU WILL BE INTERESTED IN THESE NEW SWEATERS FOR SPRING

In the group are lightweight angora sweaters in combination of colors that seem to have been designed to meet, particularly, the sports colors in vogue. They have a dash and swing to them that adds a note of smartness to a woman's attire that is simply irresistible.

And then there are silk fibre sweaters, silk jersey sweaters as well as the ever stable knitted sweater coats; but there's so much difference between the sweaters of old and those that are now in vogue there is really no comparison. If you want to see the newest and smartest of the sweater fashions; the sweater section will be the magnet to draw you to the store quickly. Prices range from ..... $4.95 to $14.95

HAVE YOU WONDERED WHY WOMEN HAVE TALKED SO MUCH ABOUT OUR SHOWING OF

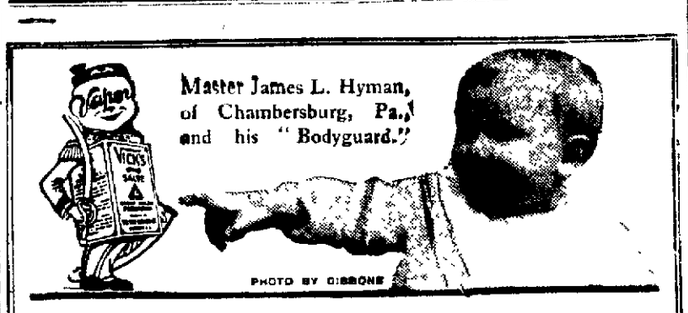

WAISTS.

A visit to the waist section will give you all the facts and reasons. You will not need further convincing after you once see the collection. The waists on display represent the very best fashion ideas. The colors are in just the shades in demand. The trimming ideas seem to have been designed to bring out the most attractive effects. So we say again if you will visit the waist section you will not wonder why our waist department is talked about. And then please note the price tickets. Every one represents an unusual value.

SEPARATE SILK SKIRTS ARE TO BE THE SPRING SENSATION

Some will call these silk skirts gay; some will call them bold; but EVERY woman will like them. There are skirts of white satin and of a very soft quality. Others of various shades of the new mustard color. And then there are others of black taffeta, black satin and striped silks. We venture to say that every woman will own one silk separate skirt this coming season. The styles are paricularly pleasing and look unusually good when worn. Prices . $5.95 to $25.00

This Little Chap Is Never "Dosed" For Colds

The Hymans Now Use the "External" Treatment for Croup and Cold Troubles

MR. PAUL S. HYMAN, of 438 E. Washington Street, Chambersburg, Pa., is the father of this fine baby boy. Sometime ago Mr. Hyman tried the Southern method of treating colds externally—Vick's VapoRub Salve, and was so delighted with the results that he has given us permission to reprint his letter as follows:

"I had a very bad cold on my chest, and coughed very hard. I rubbed Vick's VapoRub on my chest for about five or six times and the results were wonderful. Also I have a fifteen months old baby boy who had a very bad cold in his head. My wife put it rubbed some on his nose and forehead, and the cold was loosened in no time at all. We have used a great many other remedies, but yours is best so far."

Vick's VapoRub is quicker and better than internal medicines for cold troubles and is particularly recommended for children, as it does not disturb their digestion. The heat of the body releases a soothing pine tar vapor that is inhaled with each breath, and, in addition, VapoRub absorbs thru the skin, taking out the tightness and soreness. Mothers will find it a "true Bodyguard for the home." Three sizes, 25c, 50c or $1.00.
